

Faculty of Science, Yamagata University

Course on “The Circum-Pacific Current, Atmospheric Air, and Asian Community”

Duration: From April to August, 2015

- #01 Introduction — Asian Community and oceanic research
(15 April) 方青 (professor, Numerical Analysis, Yamagata University)
- #02 Basic knowledge of marine physics and Asian Community
(22 April) 王如雲 (professor, Marine Physics, Hohai University)
- #03 Evolution of Asian Community
(13 May) 鄭俊坤 (chief researcher, One Asia Foundation)
- #04 Cultural exchanges in the Pacific rim region and Asian Community
(20 May) 崔学松 (lecturer, Shizuoka University of Art and Culture)
- #05 Change in Zao’s “Rime on trees” & its relations with climate change in Asian Community
(27 May) Fumitaka Yanagisawa (professor, Geoenvironmental Science, Yamagata University)
- #06 Basic knowledge of bio-oceanology and Asian Community
(03 June) Richard W. Jordan (professor, Geoenvironmental Science, Yamagata University)
- #07 Numerical thinking regarding ocean circulation and Asian Community
(10 June) 胡馨雲 (associate professor, Environment and Calculation, Tunghai Univ., Taiwan)
- #08 Korea-China relations and Asian Community
(17 June) 李奎泰 (professor, Economic Culture, Kwandong University, S. Korea)
- #9 Asian Community seen from the change in the Pacific rim culture and in ocean
(24 June) 靳明全 (professor, Sociocultural Theory, Chong Qing Normal University, China)
- #10 Current situation of fluid math calculation within Asian Community & future prospect
(01 July) 張紹良 (professor, Numerical Calculation, Nagoya University)
- #11 Change in living organisms in the Pacific rim and Asian Community
(08 July) Naoto Hanzawa (professor, Bio-oceanology, Yamagata University)
- #12 Mathematical model in Asian Community and its precincts
(15 July) 張曉宇 (lecturer, Numerical Analysis, Beijing Forestry University)
- #13 Current situation & future prospect of Asian Community & Japan-China-Korea network
(22 July) 蘇州 (associate professor, Network Theory, Waseda University)
- #14 Asian Community from the viewpoint of the change in the sea surface of the Pacific rim
(29 July) 左軍成 (professor, Marine Physics, Hohai University)
- #15 Vision of Asian Community
(05 August) Yoji Sato (director, One Asia Foundation)
