

# A Brief Guide for the Application 2026

—for the first year and the second year application—

## 1. Application Guide

---

Our Foundation provides grants to universities that understand the philosophy and intent of our Foundation and that provide courses that are aligned with our direction. Our assistance is targeted at courses that contribute to the building of even better future communities that are not limited to specific fields or regions, but that transcend nationality and ethnicity to incorporate perspectives on Asia, Europe, and the whole world.

## 2. Conditions for Grants

- Grant is given to colleges requiring studies of at least two years and universities that must be formally established under the laws of the jurisdiction concerned.
- The course or the subject should be one of formally recognized courses/subjects under the school regulations, and a certain number of lesson hours (teaching hour and sessions) are to be assured for a given period, such as a semester. Thus, the course credit(s) must be recognized by the school.
- The courses eligible for grants must deliver omnibus-style lectures that cover various fields.
